**Background Information:**

A change in service is requested to provide additional services for the Sunset Acres Subdivision wastewater improvements including, field surveys, design phase, bid and construction phase services in the estimated amount of \$59,020.00.

Design service is required for a wastewater line constructed as part of the Investor Memory Care project. This line is in conflict with the planned expansion to the detention pond and must be relocated. Additional design services are required to replace wastewater lines at the back of the lots between Lockwood and Parkdale and at the back of the lots between Candlelight and Lockwood as these lines are beyond their useful life.
