Background Information:

The City entered into a contract with OpenGov, Inc., in 2015 for Management Reporting software service for a five (5) one-year terms at the rate of \$12,000 per year. The City periodically uploads data to the OpenGov site, and then a link to the site is referenced on the Transparency page of the City's website. The contract, however, was not previously taken to City Council for approval prior to the final year of the contract, at which point the contract would exceed \$50,000. Staff is requesting approval of the final contract extension year of \$12,000, which brings the total contract value to \$60,000. The contract will expire December 15, 2020.
