Vision San Marcos - A River Runs Through Us

Background Information:

The subject property is within City limits and was annexed in 2008. The property is currently vacant and is surrounded almost exclusively by vacant, rural/agricultural land as well as the San Marcos River along the northernmost extent of the subject tract and some existing residential and commercial uses in the Redwood community along the southernmost extent of the subject tract. In addition, FM 110 is proposed to be located adjacent to the subject property and right-of-way has already been dedicated in order to provide for the future construction of FM 110.

The purpose of this zoning change to “Character District-4” is to allow for the development of approximately 79 acres of mixed commercial and residential uses.

The applicant is also requesting rezoning to CD-3, CD-5, and LI for approximately 306 additional acres in the vicinity of the future FM 110 corridor between Staples Road and the San Marcos River. These requests are being considered as separate zoning requests (ZC-20-17, ZC-20-18, and ZC-20-20).

The City of San Marcos will provide wastewater services at the site and as the property is within the Crystal Clear CCN, Crystal Clear Special Utility District will provide water service. The developer will be responsible for extending water and wastewater facilities through the site as needed. Bluebonnet Electric Cooperative will provide electric service to this development.
