Background Information:

The United States Postal Service has announced the new location for their retail sales office at 900 Bugg Lane, Suite 110A. The current location at 210 South Stagecoach Trail in San Marcos, Texas will be converted for carrier operations, while the Bugg Lane location will focus on retail sales.

The citizens of the City of San Marcos have expressed strong concerns and opposition to the new location due to the many negative features associated with this location. This intersection is the busiest intersection in the City of San Marcos, as it experiences a high flow of traffic, especially large trucks, exiting Interstate Highway 35, following the service road, and merging onto State Highway 80 enroute to State Highway 130, and State Highway 71. Also, the new location is within a retail strip center with a shared parking lot, which has experienced significant flooding in past years.

The City of San Marcos has strong interest in providing a safer and more convenient location for citizens to access. The City of San Marcos requests immediate action by all members of both houses of the Texas Legislature to provide a safer location for the citizens of the City of San Marcos.

Council Committee, Board/Commission Action:

Council Discussion item 09/15/2020.
