Background Information:

The subject property is located on Rattler Road between South Old Bastrop Highway and Highway 123. The property is located outside of City limits and an annexation request is being considered concurrently with this zoning request. The purpose of the zoning request to "Light Industrial" is to allow for the development of a 3.62-acre self-storage facility.

A development agreement for this property was approved by City Council at their regular December 2nd, 2020 meeting. The development agreement stipulates the following:

- Annexation concurrent with a request for Light Industrial zoning
- All uses prohibited except self-storage and office
- 50% of building façade must be constructed of stucco or other approved masonry
- A transitional protective yard shall be provided between the structures and rear of property, i.e., along the shared property line with San Marcos High School
- Consistency with submitted site plan, landscape plan, and renderings

A copy of the development agreement is included in this packet for reference.

The City of San Marcos will provide wastewater service to the site, Bluebonnet Electric will provide electrical service, and Crystal Clear SUD will provide water services.
