Airport Master Plan

Background Information:

The city completed the airport master plan and was adopted by city council April 20th, 2021. The city paid for the master plan (\$299,917.00) with an agreement from TxDOT Aviation to get reimbursed for ninety percent (\$269,925.30) of the costs at the end of the project with federal funds. TxDOT Aviation requires a resolution from the local sponsor requesting reimbursement before they take it to the Texas Transportation Commission for final approval. Additionally, the City Manager must document through designation the City's project manager.
