Drainage Master Plan

Background Information:

This resolution authorizes staff to pursue a grant and zero percent interest loan from the Flood Infrastructure Fund program at Texas Water Development Board (TWDB).

In June 2020 the City submitted an abridged application to the TWDB for the Briarwood and River Ridge Improvements project. Based upon the information in the abridged application the City has been invited to submit a formal funding application to receive a grant and a zero percent interest loan in the amount of \$1,152,591 and \$1,199,635 respectively.

The application for the Briarwood and River Ridge Improvements project will assist in the cost of construction along with the \$1,078,000 in ARP funds awarded by Council to the project in August. It is anticipated that there will not need to be an additional ARP request for this project if the City is awarded the TWDB funding.

A resolution from the governing body is required as part of the application.
